Celebrating 46 years of service to Tarrant County seniors

Senior Citizen Services is affiliated with the United Way of Tarrant County and the Area Agency on Aging of Tarrant County.

Welcome Message

As we hear stories of frail health, increased depression and loneliness among older adults, we more clearly recognize the need for Senior Citizen Services of Greater Tarrant County. SCS is successfully reducing senior isolation by connecting seniors to each other and to their community. Our efforts are focused on empowering older adults to live more fully with purpose, independence and dignity. As we measure our performance against the agency's Strategic Plan, SCS is hitting the target 90% of the time. Our overall focus is healthy aging. Socialization, nutrition and transportation at neighborhood senior centers are basic building blocks. On top of these, SCS has added three critical wellness programs: A Matter of Balance Fall Prevention, Better Choices Better Health Chronic Disease Self-Management, and HomeMeds Medication Management. The final result is healthier, more active seniors, eating well, exercising, socializing and giving back through volunteer service. Last year over 8,000 older adults benefited from participating in programs offered by SCS. In the next year, we will implement a new marketing plan to increase visibility and a technology plan to work more effectively and efficiently. Resources are always needed to respond to the growing need to support seniors aging in place and living more fully. Thanks to your generous support as friends, donors and volunteers, SCS is achieving its mission in service to the older adults of Tarrant County. We greatly appreciate your past support and your future commitment to the seniors of Tarrant County!

About Today's Speaker

Robert N. Cluck, MD, was elected to the office of Mayor of the City of Arlington in May 2003 after serving two terms on the City Council. Mayor Cluck is currently the Vice President for Medical Affairs at Arlington Memorial Hospital, a position he has held since 2002. His primary goal as Mayor is to develop Arlington's economy to enable better support of basic citizen services. He also wants to improve public safety; provide financial and human resources to clean up, develop, and redevelop the city; continue to attract and maintain high-paying jobs for residents; work to ensure that the air we

breathe is clean and safe; and ensure that the city runs in a cost-effective manner.
